ArtsWa Arts in Education Grants Deadline March 20, 2017

The First Step grant program is designed to support partnerships between schools and arts organizations who are working together to develop, implement, and evaluate high quality arts learning programs for students in K-12 schools, as part of the regular school day. These grants can also support professional development for arts education providers, or foundation-building initiatives such as community-wide surveys or curriculum development. This program does not support extra-curricular arts education, or programs that provide one-time exposure to an arts event. Grant amounts are expected to range from \$1,000 to \$5,000; matching funds from the applicant are required. (Creative Advantage funds would count)
