Next Year and the Arts

Most of the South-Southwest schools have completed their arts planning with their Arts Leadership Coaches. The meetings gave arts teams a chance to reflect the progress made this year in expanding the arts in their school and to identify the priorities for next year. To support schools in implementing their year 2 arts plans, the following resources will be available for next year:
In September, each school will receive $7500 to spend on arts partnerships - residencies and PD - from the Creative Advantage Roster. This will be the year of partnership funding in this form.

Schools will also be able to purchase initial supplies to start an integrated art supply closet for staff to use in classroom integrated arts lessons - $1000 for elementary schools and $1500 for middle and high schools. These funds must be spent by November, 2017.

Any music FTE that schools are receiving from the Visual & Performing Arts department will be maintained. Our goal is to secure funding to roll all music programs from K-3 to K-5. This is dependent on Washington State adequately funding education.

In October, there will be an arts team forum where teams will meet at Youngstown Cultural Arts Center to make art together and share their ideas for the year ahead. Watch your inbox for the next newsletter for a date and time.
